

*Discover brilliance...  
Experience significance!*

**Change happens best from the inside out!**

## **INTRODUCTION**

Do your employees know their values and do they live significant lives or do they exist without purpose in mind? Do you experience difficulty with attitudes of staff in general or certain members of staff? Do you experience challenges with substance abuse and attendance in your workplace? The answer ...

The Bright Star Program is an accredited training provider (Services Seta) that facilitates personal and leadership development.

The Bright Star Program consists of 2 SAQA Unit Standards. The delegates' competence is assessed by a registered assessor where after a Services SETA Certificate (12 credits) will be issued.

The Program assists you in developing skills to live a balanced and significant life.

## **VISION**

We want to come alongside people of all walks of life to **facilitate growth** and **insight** to **empower each person** to **live with significance**.

*"It was good and I have a better idea how to strategise. I realise that planning is of the utmost importance. If you plan and become a better role model, you can lead by example and motivate people and be a team builder.*
